

## Author Index to Volume 44 (1999)

### A

Aboussouan LS: An 82-year-old man with amyotrophic lateral sclerosis, **44(10):1203** *PFT nuggets*  
Aboussouan LS: A 71-year-old man with progressive shortness of breath and orthopnea, **44(12):1491** *PFT nuggets*  
Adams AB, *coauthor*: Bliss PL **44(8):925**, *coauthor*: Takahashi T **44(8):918**  
Afari N, *coauthor*: Schmaling KB **44(12):1452**  
Ahmad M, *coauthor*: Kathawalla S **44(4):443**, *coauthor*: Kathawalla S **44(8):959**  
Atiken ML: Cystic fibrosis in adults, **44(3):368** *books, films, tapes, & software*  
Ambrosino N, *coauthor*: Clini E **44(1):29**, *coauthor*: Clini E **44(4):415**  
Anderson WC: A medical myth, **44(10):1209** *letter*  
Aranda M & Pearl RG: The biology of nitric oxide, **44(2):156** *conference proceedings*  
Au D: Introductory medical statistics, 3rd ed, **44(7):869** *books, films, tapes, & software*  
Axton KL Jr: Basic ECG interpretation, **44(9):1139** *books, films, tapes, & software*

### B

Bacha EA: Perioperative use of inhaled nitric oxide for heart and lung transplantation, **44(2):205** *conference proceedings*  
Barnhart S, *coauthor*: Schmaling KB **44(12):1452**  
Basile J: Laboratory exercises for competency in respiratory care, **44(1):82** *books, films, tapes, & software*  
Bateman ST, *coauthor*: Thompson J **44(2):177**  
Baum VC, *coauthor*: Rich GF **44(2):196**  
Becker EA & Gibson CC: Attitudes among practicing respiratory therapists in a midwestern state toward completing a baccalaureate degree and toward distance education, **44(11):1337** *research article*

Beckett RG: Professional ethics: a guide for rehabilitation professionals, **44(7):867** *books, films, tapes, & software*  
Benditt JO: Essentials of cardiopulmonary exercise testing, **44(1):81** *books, films, tapes, & software*  
Betit P, *coauthor*: Thompson J **44(2):177**  
Bhorade SM, *coauthor*: Hinkes E **44(5):524**  
Bianchi L, *coauthor*: Clini E **44(4):415**  
Bidani A, *coauthor*: Duarte AG **44(10):1207**  
Bigatello LM: Strategies to enhance the efficacy of nitric oxide therapy, **44(3):331** *conference proceedings*  
Binder A, *coauthor*: Konschak MR **44(5):506**  
Binder RE, *coauthor*: Konschak MR **44(5):506**  
Bishop MJ: Who should perform intubation?, **44(7):750** *conference proceedings*  
Blanch LL: Acute respiratory distress syndrome: cellular and molecular mechanisms and clinical management, **44(5):535** *books, films, tapes, & software*  
Blanch PB: Mechanical ventilator malfunctions: a descriptive and comparative study of 6 common ventilator brands, **44(10):1183** *research article*  
Bliss PL, *coauthor*: Takahashi T **44(8):918**  
Bliss PL et al: A bench study comparison of demand oxygen delivery systems and continuous flow oxygen, **44(8):925** *research article*  
Blonshine S, *coauthor*: Carella MJ **44(12):1458**  
Boehm R & Kennerly D: Conquering childhood asthma: an illustrated guide to understanding and control of childhood asthma, **44(10):1213** *books, films, tapes, & software*  
Boyle K: Self-management of asthma, **44(2):225** *books, films, tapes, & software*  
Branson RD, *coauthor*: Durbin CG Jr **44(6):593**  
Branson RD: Humidification for patients with artificial airways, **44(6):630** *conference proceedings*  
Branson RD: Response to Gilman, **44(11):1388** *letter*  
Branson RD et al: Comparison of conventional heated humidification with a new active hygroscopic heat and

### Abstracts

AARC OPEN FORUM 1999, 1215

### Acid-base: *See also* Arterial blood gases

base excess, 45  
bicarbonate metabolism, 952  
book reviews  
    *Understanding acid-base*, 965  
hyperproteinemia in, 45  
strong ion difference, 45  
    editorial, 26  
    letter, 963  
whole blood buffer base, 45

### Acid maltase deficiency

dyspnea in, 443

### Acidosis, metabolic. *See* Metabolic acidosis

### Activities of daily living

Functional Performance Inventory, clinical validation, 932

### Acute chest syndrome

in sickle cell disease, 1118

### Acute respiratory distress syndrome (ARDS)

book reviews

*Acute respiratory distress syndrome: cellular and molecular mechanisms and clinical management*, 535

chest imaging, in cardiac ICU, 1033

inhaled nitric oxide for, 331, 360

    clinical trials, 184

    lack of response, 315

    pediatric, 177

radiography, 1118

response to lung protective ventilatory strategies (letter), 445

### Adenoviruses

pneumonia from, case report, 524

### Advance directives

mechanical ventilation, withdrawal of, 1383

### Aerosols and aerosol administration: *See also* Bronchodilators, bronchodilation and bronchodilator administration

basic concepts, 53  
bench models, mechanical ventilation, 53  
dose output testing, with metered dose inhaler spacers, *in vitro*, 1474  
dry powder inhalers, 940  
factors in delivery, 940  
holding chamber capacity, 38

### Aerosol therapy

β-agonist weaning in pediatric status asthmaticus, therapist-directed protocol, 497  
chlorofluorocarbon-albuterol vs hydrofluoroalkane-albuterol sulfate, 38  
deposition assessment methods, 53  
device selection, in emergency department, 1353  
humidity in, 53  
    in mechanical ventilation, 53  
    in respiratory care (editorial), 24  
    ventilator circuit characteristics, 53

### Afferent nerves

in chest wall, 408

### Airflow obstruction

flow-volume loop analysis (PFT Corner), 955

### Airway, upper

anatomy, in normal adults, 615  
heat and moisture exchange, 630

### Airway injuries

management of, 650

### Airway obstruction

endotracheal tube resistance, 604

following extubation, in children, 650  
as tracheotomy complication, 810, 839

**Airways, artificial**  
aspiration protection, 604  
care and management, indications, 604  
Combitube, 790
